1-4pm	3 hrs.	Geri Graham	(Include wrap-up/eval?)

Linda-

My name is Sandy Tibke and I am a Health Education Coordinator for the Department of Public Instruction. My focus is on Adolescent Sexual Health k-12. I am hosting a conference May 4th and 5th in Fargo, ND that I think you would find useful for not only yourself but for leadership in your district. I know you have some challenges in your district regards to LGBTQ youth and their safety. Education is critical for educators and policy makers to learn how to create a safe school environment for all students. This conference will cover the importance of adolescent sexual health as a whole but will take a large chunk of time teaching about LGBTQ issues. I know how difficult it is as a leader of a community to lead difficult challenges as I am also a City Commissioner in Mandan. I hope you take a moment and look at the agenda and promote this opportunity for your district. Thank you.

Sandra Tibke, M.A.
